The skills I use most in my job...Planning

- Facilitation
- Analysis

The most interesting thing I've worked on in my career so far...The boom of AO.com including the sale of AO and launch into the German market.

What inspired me into digital and tech...I found it exciting to be discussing something one week and see it come to life the next week.

My educational background is...Degree in Literature & Journalism

What advice I'd give to girls thinking about a career in digital and tech...Digital offers the breadth of choice, variety and opportunity that you need to ensure that you'll always be excited and learning something new - We work for too many years for us not to stay engaged and motivated by work.
